PROJECTS

Project 3
CaféTrack |- Cafeteria Management System

- CaféTrack is a digital cafeteria management solution that reduces waiting time, prevents food waste, and builds transparency through real-time menus, inventory tracking, and reviews.

Project 2
Pocketcap |- Investment Management System

- PocketCap is a secure, transparent investment management system for startups and investors.

Project 1
Report X |- Scam report System

- The system is designed to solve the problem of current scam reporting methods being slow and inefficient.

MY LIFE PHILOSOPHY

"What loneliness will teach you, no book in the world will teach you."

MOST PROUD OF

Pocketcap |- Software Module
1st Runner Up
